

MotoAmerica Technical Bulletin

08-5000-24 Yamaha R7/MT-07 DBW kit

To all teams and competitors,

Beginning in 2025, MotoAmerica has approved the use of the Solo Engineering Drive-by-Wire kit for use on the Yamaha R7/MT-07 in Twins Cup.

To purchase the approved Solo Engineering DRW kit, follow the link here: [Yamaha R7 Ride by Wire \(RBW\) solokit – solo engineering](#)

If using the Solo Engineering drive-by-wire kit, the following Grip Sensor must be used:

- **SEN_GRIP_GAS_V1** - [Ride By Wire \(RBW\) Grip Sensor \(GAS\) – solo engineering](#)
